The easiest way to get this information is to go to the web site.

<http://yosemite.epa.gov/R10/ecocomm.nsf/bristol+bay/bristolbay>

Ann (or Phil or Phil):

Do you have any briefing sheets or newsletters on the watershed assessment (or any other summary info)? Do you have a brief description of how the EPA became involved handy, or a newspaper account which you thought was mostly accurate? I'm not after anything new, just whatever you might have handy.
